

This course supports the simulation assessment in the clinical learning lab for Caring Arts and Science Across the Life Span II (AXA1), in conjunction with CASAL I (DTV1). The simulation assessment (AXA1) concludes the lab series and qualifies you for clinical intensive (AYA1). The course covers 9 competencies and represents 1 competency unit

Introduction

The clinical learning lab portion of this course (AXA1) is integrated with the didactic course (DTV1). All learning resources, and the Somo learning environment for this portion of the course, are also utilized in the DTV1 course of study.

After approximately seven weeks, you will complete the skills assessment, which takes place in the clinical learning lab. This is an assessment of your ability to perform specific nursing skills. The skills assessment must be passed in order for you to attend clinical intensive (AYA1). Please review the "Course Progression" policy in the Student Handbook for further information.

Competencies

This course provides guidance to help you demonstrate the following 9 competencies:

- **Competency 726.2.1: Principles of Homeostasis**
The graduate integrates principles of homeostasis in assessing and responding to needs and changes in the adult patient.
- **Competency 726.2.2: History & Physical Assessment of the Adult Patient**
The graduate obtains a health history and performs a general head to toe physical assessment on the adult patient.
- **Competency 726.2.3: Principles of Safe Medication Administration**
The graduate administers medications to the adult patient using safe, patient-centered practices incorporating principles of medication error prevention.
- **Competency 726.2.4: Principles of Oxygenation**
The graduate integrates principles of oxygenation in assessing and responding to needs and changes in patients.
- **Competency 726.2.5: Principles of Nutrition, Metabolism, & Elimination**
The graduate integrates principles of nutrition, metabolism and elimination in assessing and responding to needs and changes in the patient.
- **Competency 726.2.6: Principles of Skin Integrity, Activity, & Mobility**
The graduate integrates principles of skin integrity, activity, and mobility in assessing and responding to needs and changes in the patient.
- **Competency 726.2.7: Principles of Cognition, Self-Concept, Spirituality, & Sexuality**
The graduate integrates principles of cognition, self-concept, spirituality, and sexuality in assessing and responding to needs and changes in adult patients.
- **Competency 726.2.8: Principles of Comfort**
The graduate integrates principles of comfort in assessing and responding to physical and emotional needs and changes in adult patients.
- **Competency 726.2.9: Principles of Patient Education**

The graduate integrates principles of patient education in assessing and responding to learning needs of patients and families.

Nursing Standards

You will be able to access Nursing Professional Standards as they apply to your program through the WGU Library. Please access these documents at the following website:

- [Nursing Standards E-Reserves](#)

Nursing Dispositions Statement

Please review the [Statement of Nursing Dispositions](#).

Course Instructor Assistance

As you prepare to successfully demonstrate competency in this subject, remember that course instructors stand ready to help you reach your educational goals. As subject matter experts, mentors enjoy and take pride in helping students become reflective learners, problem solvers, and critical thinkers. Course instructors are excited to hear from you and eager to work with you.

Successful students report that working with a course instructor is the key to their success. Course instructors are able to share tips on approaches, tools, and skills that can help you apply the content you're studying. They also provide guidance in assessment preparation strategies and troubleshoot areas of deficiency. Even if things don't work out on your first try, course instructors act as a support system to guide you through the revision process. You should expect to work with course instructors for the duration of your coursework, and you are encouraged to contact them as soon as you begin. Course instructors are fully committed to your success!

Preparing for Success

The information in this section is provided to detail the resources available for you to use as you complete this course.

Learning Resources

The learning resources listed in this section are required to complete the activities in this course. For many resources, WGU has provided automatic access through the course. However, you may need to manually enroll in or independently acquire other resources. Read the full instructions provided to ensure that you have access to all of your resources in a timely manner.

Manually Enrolled Resources

You will be enrolled in this resource manually by our learning resources staff within two business days of the starting month. Go to the following website to login with the listed credentials:

- [Mosby Skills Login](#)

Login Credentials:

- Username: [Your WGU portal login]
- Password: hello

The different sets of skills you will interact with throughout your program are listed under the Pending Tasks or Tasks link. Follow the instructions within the Soomo learning environment to access the appropriate skills for your course.

Automatically Enrolled Resources

The clinical learning lab (AXA1) and the clinical intensive (AYA1) portions of Caring Arts and Science Across the Lifespan I are taken together with and completed in progressive fashion with the didactic assessment for CASAL I (DTV1). You will be automatically enrolled in all of the learning resources for these assessments. They are found within the following Soomo environment.

Soomo Learning Environment

The following learning environment will be utilized as the primary learning resource for completion of this course:

- [Caring Arts and Science Across the Lifespan I \(CASAL 1\)](#)

For a complete listing of the resources utilized in the Soomo environment, please see the course of study for the CASAL I course.

Clinical Preparations

Preparing for Clinical Learning Lab

Your CASAL I course contains information to help you prepare for the clinical learning lab. Please refer to the CASAL I course for further information.

Attend Clinical Learning Labs

In the clinical learning labs, you will learn specific nursing skills that you will be tested on in the skills assessment on the last scheduled day of the lab. Please refer to the CASAL I course for further information.

Pacing Guide

The pacing guide suggests a weekly structure to pace your completion of learning activities. It is provided as a suggestion and does not represent a mandatory schedule. Follow the pacing guide carefully to complete the course in the suggested timeframe.

- [Pacing Guide: Caring Arts and Sciences Across the Lifespan I \(CASAL I\)](#)

Note: This pacing guide does not replace the course. Please continue to refer to the course for a comprehensive list of the resources and activities.

Caring Arts and Science Across the Lifespan (CASAL I) Learning Environment

All reading activities, discussion questions, quizzes, and learning resources for this course are found by accessing the Caring Arts and Science Across the Lifespan (CASAL I) learning environment.

Learning Environment

The material for this course is housed in a separate learning environment. In this learning resource, you will be able to

- complete the activities and reading assignments to prepare for the assessment for this course;
- answer the quizzes to gauge your learning; and
- communicate with your mentor and other students as you study.

Once you have completed the material within the learning environment, you should return to this course for the information for your exam.

This topic addressed the following competencies:

- **Competency 726.2.1: Principles of Homeostasis**
The graduate integrates principles of homeostasis in assessing and responding to needs and changes in the adult patient.
- **Competency 726.2.2: History & Physical Assessment of the Adult Patient**
The graduate obtains a health history and performs a general head to toe physical assessment on the adult patient.
- **Competency 726.2.3: Principles of Safe Medication Administration**
The graduate administers medications to the adult patient using safe, patient-centered practices incorporating principles of medication error prevention.
- **Competency 726.2.4: Principles of Oxygenation**
The graduate integrates principles of oxygenation in assessing and responding to needs and changes in patients.
- **Competency 726.2.5: Principles of Nutrition, Metabolism, & Elimination**
The graduate integrates principles of nutrition, metabolism and elimination in assessing and responding to needs and changes in the patient.
- **Competency 726.2.6: Principles of Skin Integrity, Activity, & Mobility**
The graduate integrates principles of skin integrity, activity, and mobility in assessing and responding to needs and changes in the patient.
- **Competency 726.2.7: Principles of Cognition, Self-Concept, Spirituality, & Sexuality**
The graduate integrates principles of cognition, self-concept, spirituality, and sexuality in assessing and responding to needs and changes in adult patients.
- **Competency 726.2.8: Principles of Comfort**
The graduate integrates principles of comfort in assessing and responding to physical and emotional needs and changes in adult patients.
- **Competency 726.2.9: Principles of Patient Education**
The graduate integrates principles of patient education in assessing and responding to learning needs of patients and families.

Learning Materials

Access the learning environment for this course at the following link and complete the readings, activities, and quizzes for the following section:

- [Caring Arts and Science Across the Lifespan \(CASAL 1\)](#)

Final Steps

Congratulations on completing the activities in this course! This course has prepared you to complete the assessments associated with this course. If you have not already been directed to complete the assessments, schedule and complete your assessments now.

The WGU Library

The WGU Library

The [WGU Library](#) is available online to WGU students 24 hours a day.
