

Course Competency Report by Code

Code: C298

Web Programming (C298)

Course of Study: C298 - Web Programming
Course Level: Undergraduate
Course Division: Upper Division Major
Discipline: Information Technology
Course Type:
Department: Information Technology

COMPETENCY #	COMPETENCY NAME	COMPETENCY TEXT
418.2.1	Web Programming Languages	The graduate applies characteristics and features of Web programming languages.
418.2.2	Variables & Data	The graduate demonstrates the ability to create, modify, and utilize variables and data.
418.2.3	Decision Structures	The graduate demonstrates understanding of decision structures.
418.2.4	Function, Methods, Properties, & Events	The graduate demonstrates understanding of functions, methods, properties, and events.
418.2.6	Client-Side Web Programming Language	The graduate demonstrates understanding of client side Web programming language.
418.2.7	Custom Web Programming Language Objects	The graduate demonstrates understanding of custom Web programming language objects.
418.2.8	Controls in Web Programming	The graduate demonstrates understanding of how to control windows in a Web programming language.
