

Welcome to Foundations for Success!

Introduction

The Foundation for Success course is designed to help students prepare for success in the online environment at Western Governors University and beyond. Student success starts with the social support and self-reflective awareness that will prepare students to weather the challenges of academic programs. In this course students will participate in group activities and complete a number of individual assignments. The group activities are aimed at finding support and insight from other students. The assignments are intended to give the student an opportunity to reflect about where they are and where they would like to be. The activities in each group meeting are designed to give students several tools they can use to achieve success.

This course is designed as an eight-part intensive learning experience. Students will attend eight group meetings over the span of 2.5 weeks. At each meeting students will engage in activities that help them understand their own educational journey and find support and inspiration in the journey of others.

All course material, including required pre work modules, homework, and links for live class sessions will be available to you upon clicking the “Launch Course” button below.
