Getting Started

Welcome to Collaborative Leadership Project! This course encompasses four assignment topics: Determining Community Needs, Building Collaborative Alliances, Devising Collaborative Solution, and Leading Collaborative Communication. In each assignment topic, you will explore the “Discover” section, complete the “Engage” activities, and finish the assignment worksheet. Each assignment is designed to build your skills to help you complete the final project. Competency will be demonstrated by the successful completion of a performance assessment where you develop a collaborative leadership plan. There is also a Leadership Development component in the Project section. The completion of the Leadership Development activities will help you develop as a leader and a professional. To help you track your progress in the course, view the Pacing Guide located in the Course Information section. To get started, click “Go to Course Material”.
