Healthcare Financial Management – C415

Course Feedback

Overview
This course explores the financial responsibilities for the various roles in healthcare management. You will explore managerial accounting concepts and key financial statements. You will also learn how to manage finances for a healthcare organization and how those concepts can be used to make decisions about investments and long range financial planning.

Competencies
- **Financial Management**
  - The graduate examines financial and managerial accounting principles, strategies, and financial statements in healthcare fiscal environments.

- **Managerial Accounting**
  - The graduate examines how budgeting principles, capital, operating, and cash flow budgets inform financial decisions in healthcare organizations.

- **Investment and Long-Range Financial Planning**
  - The graduate recognizes how to use short-term and long-range financial planning strategies and investment and capital structures to assess a healthcare organization's financial status.

Learning

Getting Started
Welcome to Financial Management! In this course you will learn four topics: Financial Accounting, Managerial Accounting, Investment, and Long Range Financial Planning. Within these topics, you will be asked to read text and external articles, watch videos, and complete “Engage” activities (a way to test your knowledge). Within the “Discover” section, you will see Challenge questions that you should try to answer – we have provided an Interactive Notebook where you can easily keep a record of your answers. Recording your notes will help increase your ability to gain competency in the course. Competency will be demonstrated by the successful completion of an Objective Assessment. To help you track your progress in the course, view the Pacing Guide located in the Course Information section. To get started, click “Go to Course Material”. Note: We recommend you wait to take the preassessment after you have learned the content in this course. If you feel you already have a solid background in the content, discuss the timing of the preassessment with your mentor.

Assessments

- **Pre-Assessment: Healthcare Financial Management**
  - STATUS: Not Attempted
  - # OF ITEMS: 52
  - TIME ALLOCATED: 150 minutes
  - CODE: PDDO

- **Objective Assessment: Healthcare Financial Management**
  - STATUS: Not Attempted
  - # OF ITEMS: 52
  - TIME ALLOCATED: 150 minutes
  - CODE: DDO1

A score of Competent or Exemplary is required to pass all assessments. Passing a preassessment does not guarantee you will pass the high stakes assessment. On objective assessments, you will be charged a retake fee for the third attempt and every attempt thereafter. For more information click here.
