Enterprise Risk Management – C418

Overview
This course covers key concepts of risk management in healthcare. You will examine the many types of risk, the current models and practices of risk management, and current risk management standards. You will also explore the key principles and methods of risk management, patient safety, and quality management. Laws, regulations, and ethical principles that have influenced the evolution of risk management will also be studied. You will be able to identify current legal concepts, regulatory influences, and ethical issues related to risk management.

Competencies
- Basic Principles of Enterprise Risk Management
  The graduate examines risk, types of risk, the role of stakeholders, and the principles and approaches of enterprise risk management.
- Regulatory, Ethical, and Legal Factors Applicable to Risk Management
  The graduate examines the role of governance and regulatory, ethical, and legal factors in enterprise risk management for healthcare organizations.
- How to Manage Risks
  The graduate examines healthcare organizational risk structures and standards, and the factors and tools for managing risk.

Learning
Getting Started
Welcome to Enterprise Risk Management! To help you track your progress in the course, view the Pacing Guide located in the Course Information section. To get started, click “Go to Course Materials.” Inside the course, you will see three topics: Principles of Enterprise Risk Management, Regulatory, Ethical, and Legal Factors, and How to Manage Risks. Within these topics, you’ll be asked to read text and external articles, watch videos, and complete “Engage” activities (a way to test your knowledge). Within the “Discover” section, you’ll see Challenge questions that you should try to answer – we’ve provided an Interactive Notebook where you can easily keep a record of your answers. Recording your notes will help increase your ability to gain competency in the course. Competency will be demonstrated by the successful completion of an Objective Assessment. Note: We recommend you wait to take the preassessment after you have learned the content in this course. If you feel you already have a solid background in the content, discuss the timing of the preassessment with your mentor.

Assessments
Pre-Assessment: Enterprise Risk Management
STATUS: Not Attempted
# OF ITEMS: 50
TIME ALLOCATED: 150 minutes
CODE: PDGO

Objective Assessment: Enterprise Risk Management
STATUS: Not Attempted
# OF ITEMS: 50
TIME ALLOCATED: 150 minutes
CODE: DGO1

A score of Competent or Exemplary is required to pass all assessments. Passing a preassessment does not guarantee you will pass the high-stakes assessment. On objective assessments, you will be charged a retake fee for the third attempt and every attempt thereafter. For more information, click here.
