Getting Started
Welcome to Healthcare Values and Ethics! To help you track your progress in the course, view the Pacing Guide located in the Course Information section. To get started, click “Go to Course Materials.” Inside the course you will see five topics: Ethical Principles, Law, Patient Rights, Dilemmas, and Professional Responsibility. Within these topics, you’ll be asked to read text and external articles, watch videos, and complete “Engage” activities (a way to test your knowledge). Within the "Discover" section, you’ll see Challenge questions that you should try to answer – we’ve provided an Interactive Notebook where you can easily keep a record of your answers. Recording your notes will help increase your ability to gain competency in the course. Competency will be demonstrated by the successful completion of an Objective Assessment and a Performance Assessment. Note: We recommend you wait to take the preassessment after you have learned the content in this course. If you feel you already have a solid background in the content, discuss the timing of the preassessment with your mentor.
