Healthcare Management Capstone – C439

Overview
This course is the culminating experience and assessment of healthcare business administration. This course requires the student to integrate and synthesize managerial skills with healthcare knowledge, resulting in a high quality final project that demonstrates professional managerial proficiency.

Competencies
- Capstone
  The graduate integrates and synthesizes competencies from across the degree program and thereby demonstrates the ability to participate in and contribute value to the chosen professional field.
- Program Portfolio
  The graduate exhibits artifacts that both demonstrate the graduate's competency across all program areas as well as provide evidence of professional growth.

Learning
Getting Started
Welcome to the Capstone, the culminating experience of the healthcare management (HCM) program! In this course, you will complete three tasks: An Analysis Report, A Multimedia Presentation, and a Professional Portfolio. Competency will be demonstrated by the successful completion of these tasks. To help you track your progress in the project, view the Pacing Guide located in the Course Information section.

Assessments
Performance Assessment: Healthcare Management Capstone
Status: Not Attempted
Code: REP1
