Healthcare Compliance examines the role of the coding professional within healthcare information management. The course covers compliance plans, issues that arise with noncompliance, and management of internal and external audits.

Competencies

- **Structure and Organization of the Coding Function**
  The graduate analyzes the role of the coding professional within a health information management department.

- **Staff Recruitment and Retention**
  The graduate evaluates candidate qualifications for the purpose of recruiting, hiring, and retaining health information management departmental staff.

- **Charge Description Master**
  The graduate explains how the charge description master (CDM) committee impacts the revenue cycle.

- **Coding Performance Management and Process Improvement**
  The graduate develops strategies for maximizing coding productivity and quality standards.

- **The Health Information Compliance Plan**
  The graduate analyzes the components of a compliance plan for implementation in a health information management department.

- **The Health Information Reporting of Noncompliance**
  The graduate determines how healthcare enforcement agencies or programs require reporting for coding noncompliance.

- **Health Information Compliance Training Program**

https://my.wgu.edu/courses/course/8360004
The graduate analyzes the auditing process with internal and external agencies for coding compliance.

Learning

Getting Started

Welcome to Healthcare Compliance! This course provides information about compliance plans and audit processes. When you are ready to begin the course, select the “Go to Course Material” button to access Soomo, the primary learning platform and where you will find your learning materials. Each topic in the course will relate to specific modules in Soomo. Refer to the pacing guide for a suggested course completion timeline. At the end of the course, competency will be demonstrated by successful completion of a performance assessment.

Assessments

Performance Assessment: Healthcare Compliance

Status: Not Attempted
Code: HXP1
