Collaborative Leadership – C981

Overview

Collaborative Leadership provides an opportunity to apply collaborative leadership skills to better serve diverse communities. Students will develop health and wellness plans with the Navajo Area Indian Health Services (NAIHS) leaders in the Navajo Nation. This course has no prerequisites.

Competencies

▲ Effective Leadership Evaluation
The graduate evaluates the attributes of effective leadership to discern actions and strategies that would be consistent with a healthcare organization's mission, values, and goals.

▲ Communication and Collaboration Methods
The graduate recommends methods of organizational communication to increase effectiveness of interpersonal communication, collaboration, and problem-solving among healthcare organizational stakeholders.

▲ Human Capital Management
The graduate manages internal and external human relationships in healthcare organizations using management theories, methods, and techniques.

▲ Data Methodologies
The graduate assesses a variety of analytical data methodologies to promote and advance organizational healthcare.

▲ Leading Change
The graduate proposes solutions that use strategies and processes to lead effective healthcare organizational change.

▲ Healthcare Solutions
The graduate constructs an innovative solution that will positively affect a healthcare organization and stakeholders.

▲ Data Application
The graduate evaluates the value, source, and appropriate application of the data that will affect risk, compliance, quality, policy, populations, finance, and economic factors within a healthcare organization.
